**Re: Grievance Against William McCall Calhoun, Jr.**

Dear Ms. Frederick:

This letter responds to Mr. Calhoun's March 29, 2022 filing with your office.

Mr. Calhoun asserts his Fifth Amendment right against self-incrimination and "refuse[s] to respond to the specifics of this Bar complaint until such time as my criminal case is completed and the evidence becomes available to the general public."

At the same time, Mr. Calhoun alleges that The 65 Project is part of the "Leftist Authoritarian" regime, and that I am, as the Managing Director of The 65 Project, a "communist" who advocates "that grade schoolers should be indoctrinated in Communism or be groomed for pedophilia."

We wish to assure your office that The 65 Project is not, so far as we are aware, part of any Leftist Authoritarian effort. Rather, The 65 Project is a bipartisan organization, with prominent Republicans serving on our advisory board and a volunteer team of lawyers from across the political spectrum.

Additionally, I am not a communist, nor have I ever advocated that grade schoolers (or anyone, for that matter) should be indoctrinated in communism or groomed for pedophilia.

I do believe, and advocate, that lawyers abide by the Rules of Professional Conduct and their oaths. For that reason, we will follow Mr. Calhoun's criminal matter closely, and we look forward to the results of your investigation into his conduct.

If you require any additional information or assistance from The 65 Project when reviewing this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Michael Teter".

Michael Teter  
Managing Director, The 65 Project
